Islamic Education :

Prophet Mohamed (S.A.W) said,
Actions are but by intention.

This is a fundamental Islamic rule clarifying the importance of intention as a proof of the sincerity of the belief. In Islam, deeds are accepted under

two conditions :-

(1) The intention of the deed must be for Allah's sake i.e. according to the commands of Allah and the reward is from Allah.

(2) The deed must be according to the Sunnah of Prophet Mohamed (S.A.W).

∴ Purity of the intention is very important fact which we must care for it in every saying and in every deed
