The Unity of Allah's Lordship

## ② The Unity of Allah's Lordship:

① To believe that Allah creates everything in the heavens

and on the earth and all that is between them.

② To believe that Allah owns everything in the heavens

and on the earth and all that is between them.

③ To believe that Allah knows everything in the heavens

and the earth, the unseen and the hidden secrets.

④ To believe that Allah organizes, plans and controls

every thing in the heavens and on the earth.

## The Unity of Allah's Lordship:

① To believe that Allah creates everything in the heaven

and on the Earth.
