Why I am unlucky?

of Allah's Grace

Today we will continue to learn about the

"white hearts" i.e the sound, believing, soft, united, fearful of Allah, comfortable and the hearts

which always return to Allah with repentance.

At the beginning let us learn about.

1- The characters of those who have these white hearts.

The first and the most important character is "the realization of the unaccountable blessings of Allah". As this character will be the fundamental for the rest of the characters.

In reality, many of us are believing that : They are unlucky, life didn't give us any thing

Why I am always the one, who is not having the

walidly enjoyments and so of this unthankful words.

Realization and remembrance of Allah's Blessings.

1. The First Law

To realize and remember that: every blessing is from Allah.

As Allah mentioned in Surat An-Nahl (16) - V 53

"And whatever of blessings and good things you have, it is from Allah."

The Proof for this rule is in Surat AZ-Zumar

Surat (39) - V(62)

"Allah is the Creator of all things and He is the Wakil (Guardian) over all things"

2- The Second Law: in Surat Ibrahim 14-V 34

"And if you count the blessings of Allah, never will you be able to count them",

In the verses of the Holy Quran we also were informed about the apparent and hidden

blessings of Allah.

The above meaning is mentioned in Surat(31) - V(20).

In this verse of the Quran, Allah is teaching us that He ^{has} completed and perfected His Graces upon us. Some of these blessings are apparent to us (manifested) e.g. the whole universe which is subjected to us. Also the good health and wealth. Also there are hidden blessings which only Allah knows.

So let's today remember shortly about some of the uncountable blessings of Allah so that we can be aware of the good life we have. !!

In Surat Al Nahl (16). V₁₀ → V₁₈.

Also let's learn in details about some of Allah's blessings

① The rain : it is the soft water which we drink (the source)

It is the water of the clouds which Allah sends to us from the sky with due measures

as Allah mentioned in Surat(23) V 18-19

and in Surat 56 - V 68 - V 69.

② The blessings of Allah regarding the food which we eat. In Surat(36) V 33-34

The meaning:

A- Every thing around us in the universe speaks about

5 Allah's blessings

B- We only need to look to the Land in front of us

and how we can see it dead, lifeless, lacking a drop of water. Then we see it producing grain and adorned with gardens of dates and grapes.

Springs of water gush through it and in no time it is full of life

Life, the miracle which no man can produce.

It is Allah's hand that produces miracles,

initiating life in what has been dead.

The sight of the growing plants, flowing

gardens and ripening fruits should open peoples eyes and hearts to appreciate the wonderful creation of Allah. If we focus on Allah's miracle regarding the life of plants we can realize the following miracles:

1) The split of the earth to allow the shoot to appear

2) The Longing of the stem (which is eager to enjoy sunlight).

3.

3) The growth of the leaves and the opening up

of the flowers allowing the fruits to be picked up.
[You can appreciate having all these kinds of food when you remember the poor]. It is Allah's blessing that made the

plant to grow and yield its harvest.

③ The blessing of Allah regarding the home comfort

We must agree that: The ease, comfort and

reassurance one has at home are certainly a

blessing from Allah

Let us read about this blessing from

Surat Al-Nahl (16) - V (80-81).

The Islamic view of the home is that, it is the place of security, peace, comfort and rest, reassurance. In the home, one should feel at ease, safe and secure. The home is the protection, also it is the shelter against the rain, the wind, the cold and hot weather.

In these verses of the Quran, Allah mentioned the garments, mountains and shelter.

Regarding the shelter, it is a source of feeling safe. As for the mountains, they are a place of relaxation. The garments provide two types of protection which are a source of comfort.

You can appreciate your home when you remembered the homeless, the people who don't have a shelter to protect them or a private space to have peace and security in

4 ↵ The great blessing which we always forget
regarding the guarding angels which every one
of us has, as Allah mentioned in Surah(13)

V. (11)

These are the angels (the guardians) that
follow every human being, recording every little
detail, including thoughts, feelings and whens

8

Now, Let's Look to our bodies and remember,

5 ↵ Allah's blessings towards our creation. In Surah
AL-Nahl(16) - V(78).

Meaning Actually: There is something close to us,
yet it is so far away. We may see (Through the
Ultra Sound), the different stages a foetus goes
through, but we do not know how these stages
are accomplished, because it is part of
the secret of life which is known to Allah
alone.

Allah is creating all mankind devoid of all knowledge,

even the most advanced scientist, is still born devoid

(9) of knowledge, whatever he or others subsequently

Learn is given to them as a blessing from Allah

and within the limits, He has set for the mankind.

. It is the blessings of hearing, sight and having mind

to reflect with and hearts to feel with, that we

must always appreciate and use for obedience of

Allah.

. At the end, let us remember the following great

6 ↳ blessing which is mentioned in Surat(16) - V(72)

Humans are mortal, so they feel that their lives

continue through their children and grand children. A great

feeling of belonging, love, sharing and power which man

feels through having an extended family. It is the family

The most important source of happiness in life of mankind.

It is a great blessing from Allah.

1- If you have food in the refrigerator
Clothes on your body
a roof above and a place to sleep

you are
richer than
75%
of this
world.

2- If you have money in the bank, in your wallet and top
a spare change in a dish someplace

(10)

3- If you wake up this morning with more health
than illness, you are more blessed than
millions in this life

4- If your parents are still alive and still married you
can be counted amongst the very few.

5- If you are married and having a healthy child
- you are blessed over millions of people-

6- If you hold your head with a sink on your face
and are truly thankful - you are blessed because
the majority can, but most do not.
